taken up once the necessary approvals have been received.

(c) The estimated cost is as under:—

(i) Solapur-Beed-Aurangabad (300 kms.) Rs. 400 crores
(ii) Pandharpur-Lonand (150 kms) Rs. 250 crores
(iii) Ahmednagar-Beed-Parli Vaijnath (275 khs.) Rs. 353 crores
(iv) Kolhapur-Ratnagiri (115 kms.) Rs. 200 crores

(d) The suggested lines viz. Solapur-Beed-Aurangabad, Pandharpur-Lonand and Kolhapur-Ratnagiri, will each cost Rs. 200 crores or more. Railways are facing an acute resource crunch and have on hand a large shelf of new rail line projects, requiring Rs. 5,000 crores for their completion, while the funds made available by the Planning Commission are of the order of Rs. 200 crores per annum. In view of this, it would be difficult to consider construction of other suggested lines, till the resource position improves and some of the ongoing works get completed.
